\*Qualifying for a sliding scale tuition rate (Step 1, Step 2, or Step 3) requires proof of your yearly household income. Annual income includes all wages, child support, social security, etc. Two most recent pay stubs and FCCC's Income Verification Form are required for proof of income. You will be charged full fee tuition until required documentation is received.

- When a family enrolls more than one child a 10% discount is applied to the fee that is of equal or lesser value.
- Fees are calculated for the number of school days in the year and broken down into 9 equal, monthly payments (September-May); fees are the same every month regardless of the number of program days in each month. August and June tuitions are pro-rated. Additional fees may be charged for extra care options (half days, delayed openings, inclement weather care, or holiday/teacher work day care) depending on your chosen care package.
- Fees are not reduced or refunded for non-school days or extended absences due to any circumstances, including holidays and teacher work days, or weather-related events.
